

ONE HUNDRED FIFTY-SECOND COMMENCEMENT

DUKE UNIVERSITY

GRADUATION EXERCISES

WALLACE WADE STADIUM

Sunday, the Ninth of May, Two Thousand and Four
Ten O'clock in the Morning

NOTES ON ACADEMIC DRESS

Academic dress had its origin in the Middle Ages. When the European universities were taking form in the thirteenth and fourteenth centuries, scholars were also clerics, and they adopted robes similar to those of their monastic orders. Caps were a necessity in drafty buildings, and copes or capes with hoods attached were needed for warmth. As the control of universities gradually passed from the church, academic costume began to take on brighter hues and to employ varied patterns in cut and color of gown and type of headdress.

The use of academic costume in the United States has been continuous since Colonial times, but a clear protocol did not emerge until an intercollegiate commission in 1893 recommended a uniform code. In this country, the design of a gown varies with the degree held. The bachelor's gown is relatively simple with long pointed sleeves as its distinguishing mark. The gown for the master's degree has an oblong sleeve with the rear part cut square and the front part with a cut-away arc. The most elaborate academic costume is the doctoral gown with velvet panels down the front and

three bars of the same material across the sleeves. The velvet is usually black, but it may be a color designating the field of study to which the degree pertains. The gown itself, usually black like those of the lower degrees, may be of a color distinctive of a particular university.

The hood bears a still larger symbolic burden: the width of its velvet trimming designates the level of the degree; the color heralds the major field of study; and the lining identifies the institution that granted the degree. Duke University is symbolized by a lining of Duke blue with a white chevron.

The cap, originally round, is usually a square mortarboard and is the same for all degrees. The standard tassel for the cap is black, but the cap worn with the doctoral robe may have a gold tassel.

The Duke doctoral gown is in the authentic Duke blue. The Duke University shield, embroidered in blue on white, is applied to each front panel. With this gown there may be worn a black velvet, four-pointed, soft tam with a square top and a gold metallic bullion tassel.

SIGNIFICANCE OF COLORS

Colors indicating fields of study and colors identifying some of the universities represented by members of the faculties of the University are:

Arts, Letters, Humanities—white	California—royal blue and gold
Business Administration—drab	Cambridge—scarlet
Divinity, Theology—scarlet	Chicago—maroon
Economics—copper	Columbia—Columbia blue and white
Education—light blue	Cornell—Carnelian (red) and white
Engineering—orange	Duke—Duke blue and white
Fine Arts—brown	Emory—blue and gold
Forestry—russet	Harvard—crimson
Law—purple	Johns Hopkins—black and old gold
Medicine—green	Massachusetts—maroon and white
Music—pink	Michigan—gold and azure blue
Nursing—apricot	M.I.T.—cardinal red and silver gray
Philosophy—dark blue	North Carolina—light blue and white
Physical Therapy—teal	Northwestern—purple and white
Science—golden yellow	Oxford—royal blue and red
	Pennsylvania—red and navy blue
	Princeton—orange and black
	Stanford—cardinal
	Texas—burnt orange and white
	Virginia—navy blue and orange
	Yale—Yale blue

MACE AND CHAIN OF OFFICE

Again at commencement, ceremonial use is made of two important insignia given to Duke University in memory of Benjamin N. Duke. Both the mace and chain of office are the gifts of anonymous donors and of the Mary Duke Biddle Foundation. They were designed and executed by Professor Kurt J. Matzdorf of New Paltz, New York, and were dedicated and first used at the inaugural ceremonies of President Sanford in 1970.

The Mace, the symbol of authority of the University, is made of sterling silver throughout. It is thirty-seven inches long and weighs about eight pounds. At the lower end of the hammered shaft is a gilt (gold-plated) pine cone. The upper end of the shaft displays the inscription *Universitas Dukiana 1838*. This inscription is surmounted by a short, hammered neck followed by the head which has eight flutings alternating with

eight gilt ribs. Above the head of the mace, a band carries the motto of Duke University: *Eruditio et Religio*. The upper end of the mace is a crown of gilt laurel leaves which carries the seal of Duke University surrounded by the three symbols of the Trinity to indicate that Duke University emerged from Trinity College.

The Chain of Office of the President of Duke University is four feet long and is also made of sterling silver throughout. The main part consists of nine silver pine cones alternating with ten gilt clusters of three laurel leaves each. In the front hangs the gilt medallion with the official seal of Duke University surrounded by a laurel wreath into which are set the three symbols of the Trinity. In the back is the gilt coat of arms of the Duke family with the motto *In Adversis Idem* set in a sterling wreath of laurel leaves and bearing the inscription *Duke*.

Order of Procession

The audience remains seated during the procession until all candidates enter the stadium. When the Wind Symphony sounds the fanfare which signals the entrance of the faculty, the audience and candidates will rise and remain standing for the prayer and the hymn.

Flourish for Wind Band *Ralph Vaughan Williams*
The Duke University Wind Symphony (1872–1958)

HYMN—Tune: *St. Anne*

- | | |
|---|---|
| 1. O God, our help in ages past,
Our hope for years to come,
Our shelter from the stormy blast,
And our eternal home! | 3. A thousand ages in Thy sight,
Are like an evening gone;
Short as the watch that ends the night,
Before the rising sun. |
| 2. Before the hills in order stood,
Or earth received her frame,
From everlasting Thou art God,
To endless years the same. | 4. O God, our help in ages past,
Our hope for years to come;
Be Thou our guide while life shall last,
And our eternal home! Amen.

—Isaac Watts
(1674-1748) |

ALMA MATER

The audience stands for the Alma Mater and remains standing until the platform group and the faculties leave the Stadium.

Dear Old Duke, thy name we sing, To thee our voices raise, we'll raise, To thee our anthems ring in everlasting praise.	And though on life's broad sea Our fates may far us bear, We'll ever turn to thee Our <i>Alma Mater</i> dear. —R. H. James '24

PERSONS WHO ARE LISTED SEPARATELY AS CANDIDATES FOR THE DEGREES OF DOCTOR OF MEDICINE AND DOCTOR OF PHILOSOPHY

Charu Lata Bohra
Christopher Lee Holley

Christina Ross Kahl
Michael Ray Olson

Susan Melissa Ormsbee
Robyn Cathleen Reed

David Sung-Hyun Yoo

HONORARY DEGREE RECIPIENTS

Richard J. Goldstone – Doctor of Laws

Faculty Sponsor - Madeline Morris

Trustee Sponsor - Daniel Terry Blue, Jr.

Richard J. Goldstone served as a justice of the Constitutional Court of South Africa from 1994 until 2003. Earlier, he was the chief prosecutor of the United Nations International Criminal Tribunal for the former Yugoslavia and Rwanda. He also chaired the Goldstone Commission, established in 1991 to investigate public violence and intimidation in South Africa. From 1999 until 2001, he was chair of the International Independent Inquiry on Kosovo. In December 2001, he became chair of the International Task Force on Terrorism, which was established by the International Bar Association. He also is the chancellor of the University of Witwatersrand in Johannesburg, a board member of that university's law school, and a governor of the Hebrew University in Jerusalem. Goldstone has had a long-term relationship with the Duke law school, visiting and lecturing there numerous times.

Phillip A. Griffiths – Doctor of Science

Faculty Sponsor - David R. Morrison

Trustee Sponsor - Paula Phillips Burger

Phillip A. Griffiths, a leader in the field of algebraic geometry, was provost and James B. Duke Professor of Mathematics at Duke from 1983 through 1991. He is generally credited with charting the intellectual course that led to Duke's rise over the past two decades into the top tier of the nation's teaching and research universities. In 1991, he became the director of the Institute for Advanced Study in Princeton, New Jersey, a position he held through 2003. Since then, he has been a faculty member in the Institute's School of Mathematics, and he continues to lead the Millennium Science Initiative, which aims to create and nurture science and scientific talent in the developing world. The Raleigh native is a member of the National Academy of Sciences, the American Philosophical Society, and the International Mathematics Union. Before coming to Duke as the university's senior academic officer, Griffiths taught at the University of California at Berkeley, Princeton University, and Harvard University.

Oliver Smithies – Doctor of Science

Faculty Sponsor - Joseph R. Nevins

Trustee Sponsor - Lewis T. Williams

Oliver Smithies is Excellence Professor of Pathology and Laboratory Medicine at the University of North Carolina at Chapel Hill. He has pioneered many fields of science, including technologies involving protein separation, genetic analysis, and the process of targeting specific genes in mammalian cells by homologous recombination. His work is widely credited with allowing modern genetic science to prosper. Smithies has received numerous awards for his work, including the Albert Lasker Award for Basic Medical Research (frequently referred to as America's Nobel Prize), the Association of American Medical Colleges' Award for Distinguished Research, and the North Carolina Award in Science. He is a member of the National Academy of Sciences. Over the years, he has worked closely with the Duke faculty, has been involved in numerous seminars at Duke, and has mentored several Duke faculty members in his field.

Madeleine K. Albright – Doctor of Humane Letters

Faculty Sponsor - Robert Keohane

Trustee Sponsor - Sally D. Robinson

Madeleine K. Albright was confirmed as the sixty-fourth Secretary of State in 1997. Previously she was a national-security adviser and U.S. Ambassador to the United Nations. During her term as Secretary of State, NATO intervened to halt "ethnic cleansing" in Kosovo; a stable peace brought an end to conflict in the Balkans; the number of democratic nations grew in Europe, Africa, Asia, and Latin America; U.S.-China relations improved; and the U.S. experienced growth in overseas trade. Albright is the founder and a principal in the Washington-based Albright Group LLC, a global strategy firm. She is also the first Michael and Virginia Mortara Endowed Distinguished Scholar in the Practice of Diplomacy at Georgetown University's School of Foreign Service; the first Distinguished Scholar of the William Davidson Institute at the University of Michigan Business School; chairman of the National Democratic Institute for International Affairs; chair of The PEW Global Attitudes Project; and president of the Truman Scholarship Foundation.

THE DUKE UNIVERSITY WIND SYMPHONY

The Duke University Wind Symphony, an ensemble of forty-five undergraduate and graduate students from fifteen different states and two other countries, is open to all Duke students by audition. The ensemble has commissioned over twenty works, many of them entering the repertoire of wind bands throughout the world. The "Graduation Edition" of this weekend's Wind Symphony is augmented by alumni and friends, including representatives of every decade from the 1950's to the present.

THE TRADITIONS OF COMMENCEMENT

Duke University traces its origin to 1838 when Brown's Schoolhouse, a one-room log subscription school, expanded to Union Institute upon the uniting of Methodist and Quaker families. Today's ceremony represents the one hundred and fifty-second official exercise dating from 1852 when action of the North Carolina General Assembly authorized the institution to grant degrees. Throughout the years graduation exercises have varied in scope, sometimes offering as much as a week of celebration to the graduates, their families, and citizens of rural Randolph County, North Carolina, the site of the predecessor institutions to Duke University located near High Point. This weekend the exercises follow traditions established in that first decade of official ceremonies by recognizing graduation with distinction and noting recipients of special honors and prizes, by featuring a speaker from the graduating classes, by awarding honorary degrees, by offering Bibles to those receiving undergraduate degrees, and by having the faculty and administration honor the graduates and their families with an outdoor reception.

Notable ceremonies in the nineteenth century included those of 1859 when President Braxton Craven presented diplomas reflecting a name change to Trinity College to acknowledge the institution's church-relatedness, of 1877 when the first earned M.A. degrees were awarded, and of 1878 when Mary, Persis, and Theresa Giles earned degrees, becoming the first women graduates of the College. Student orations in 1888 by Daniel C. Roper and John Spencer Bassett demonstrated leadership in the graduating classes in that Roper became Secretary of Commerce under President Franklin D. Roosevelt and Bassett became a scholar of note in American history. In 1903 while professor at Trinity College, Bassett and Trinity's name became forever associated with the history of academic freedom. The College's Board of Trustees turned back widespread appeals for Bassett's dismissal when editorials he wrote for the scholarly journal, *The South Atlantic Quarterly*, questioned the then prevailing views on race relations. Dormitories on East Campus were named in honor of the Giles sisters and Bassett.

The leadership of President John F. Crowell, the donation of land by Julian S. Carr, and the financial assistance of Washington Duke made possible the relocation of Trinity College to Durham in 1892. Within a decade Trinity College established a reputation for excellence, confirming President Crowell's opinion that higher education in the twentieth century would progress best in an urban setting, especially one with enlightened, progressive leadership. The College received numerous gifts for buildings, beautification, and even salaries for personnel from the Duke family, but especially welcome were three separate gifts of \$100,000 each from Washington Duke for endowment.

In addition to the celebrated Bassett Affair, Trinity College gained a national reputation as a founding member of the Association of Colleges and Preparatory Schools of the Southern States, an accrediting agency that would upgrade educational standards in the region. Further recognition followed with membership in 1905, along with only one other southern institution, in the Association of American Law Schools; with the selection of Charles R. Bagley, Class of 1914, as the school's first Rhodes Scholar; and with the establishment of a Phi Beta Kappa chapter in 1919.

Graduation ceremonies became more formal under the direction of a College Marshal. Caps and gowns appeared, and after 1902 students received Latin honors in recognition of academic achievement. With appropriate ceremony the college paid homage to Washington Duke, who had died in 1905, with the unveiling of his statue at the commencement of 1908.

For thirty years William Preston Few provided distinguished leadership for the institution. Rarely has an institution changed as dramatically under the tenure of a single president. From 1910 to 1924 Few presided over the development of a particularly strong

liberal arts college, and from 1924 until his death in 1940 he directed the successful transition to a complex, research university. In December 1924 long-range planning and a lifetime of family philanthropy culminated in the public announcement of a grand design to aid higher education, hospitals, orphanages, and the Methodist Church in North and South Carolina. Acknowledging the unique opportunity for a new identity presented by acceptance of the terms of the indenture of The Duke Endowment, the Board of Trustees of Trinity College enthusiastically agreed to organize a new institution around Trinity College. The enlarged institution was to be known as Duke University in honor of Washington Duke, benefactor and father of Mary, James Buchanan, and Benjamin Newton, all friends of the college in their own way.

Based upon the solid foundation of Trinity College, the University grew spectacularly. The old campus was rebuilt and opened as the Woman's College in 1930, and another campus was erected one mile to the west. The curriculum expanded and succeeding graduation programs noted new degrees: B.D. and M.Ed. in 1927, Ph.D. in 1928, and LL.B. in 1929. The M.D. joined the list in 1932, and a B.S. in Engineering in 1933, a B.S. in Nursing in 1936, and a Master of Forestry in 1939. In 1938 in only its fourteenth year as a university, Duke became the thirty-fourth member of the prestigious Association of American Universities. The membership currently includes only 62 research universities.

The location of the graduation exercises themselves reflects the changing nature of the University. First held in Craven Memorial Auditorium on East Campus, they were moved to West Campus in 1931 and held successively in Page Auditorium and in the outdoor and indoor stadiums. Special ceremonies at commencement have included the laying of the cornerstone of the Gothic campus in 1928, the first use of the Chapel and the inaugural carillon and organ recitals in 1932, and the unveiling of the statue of James B. Duke in 1935. The exigencies of World War II required the awarding of degrees during the year in special ceremonies in a variety of locations.

Today's ceremonies reflect the interest of more recent presidents in combining tradition and innovation. President Douglas M. Knight directed special attention to the University's highest degree with the adoption of official academic regalia with a distinctive design and blue color for the Ph.D. degree. The mace and chain were authorized at the same time, but were first used in 1970 at the inauguration of President Terry Sanford. In 1972 the degree of Master of Business Administration, the last curriculum recommended by James B. Duke, joined the list of degrees awarded by Duke University. With ever-increasing participation by graduates and attendance by relatives and friends, President Sanford pursued new ways to continue a single university-wide convocation of undergraduate and graduate and professional school students which would still maintain traditional exercises. In a unique format baccalaureate services are offered three times, and the commencement exercises have now returned to an outdoor setting, first to Wallace Wade Stadium in 1974, to the East Campus quadrangle in 1980, and in 1984 back to the Stadium. Today President Keohane, installed on October 23, 1993, as eighth president of the University and thirteenth president of the institution, presides over her eleventh commencement.

As noted by the Board of Trustees in 1924, "The institution has already had three names, and it has not always occupied its present site ... But through all this outward change it has kept one soul, it has been guided by the same controlling faiths. Now it changes again to meet changing conditions." The traditions of graduation bind the University to all that has gone before. While guided by the motto *Erudito et Religio* for one hundred and forty-five years, the University continues "to change to meet changing conditions."
